

*A concentrated all-purpose detergent for the economical cleaning of glass, dishes, flatware, pots and pans. Effective in hard or soft water. Leaves glassware crystal clean, without films or water spotting.*

### Where To Use

Schools	Delicatessens	Institutional Ware Washing
Restaurants	Supermarkets	Pots & Pans
Hospitals	Food Industries	

### Dilution

Average Washing - 1/2 oz. to 4 gallons of water  
Heavy Soiled Washing - 1 oz. to 4 gallons of water

### Directions

For normal dishwashing, pour 1/2 ounce of GREEN EXCEL into sink. Add hot water. Stir briskly. For more heavier encrusted pans, let soak in solution containing 1 ounce of GREEN EXCEL, use a brush for agitation of encrusted soils. Rinse thoroughly with hot water.
