

## Premium Quality Restoration Product

A high solids dilutable one-step anti-slip maintainer. This restorer is used to maintain the fresh polished look between strippings and applications of new coats of floor finish while increasing the floor's slip coefficient. Removes black heel marks, scuff marks, small scratches and returns finish to its original gloss. Economical for large areas. Eliminates the need to clean with a neutral cleaner prior to buffing.

### Where To Use

Vinyl Tile	Supermarkets	Concrete that has been sealed
Sealed Wood	Retail Big Box Stores	Finished Stone Flooring
Linoleum		

### Treatment

Light Cleaning and Restoring: 1/64 (approximately 2 oz./gallon)  
 Medium Cleaning and Restoring: 1/32 (approximately 4 oz./gallon)  
 Heavy Cleaning and Restoring: 1/16 (approximately 8 oz./gallon)

### Directions

Dust mop floor and remove gum and other foreign materials. Dilute Regrip Ultra Restorer based upon the condition of the floor (see dilution chart above). Apply with an auto scrubber or mop, let product dry to a haze. As a final step the floor must be burnished to create a high gloss.

## Technical Specifications
